HELP THE HOSPITAL

We wish to call the attention of
housekeepers to our line of fine Flav-
oring Extracts, which are first class
in every respect, and absolutely full
strength.

We give 10 per cent. of the purchase
price to any charitable organization
and you will find a coupon attached to
each bottle.

Our idea in taking this method to
introduce these goods is to help the
Marion County Hospital. However,
these coupons are made payable to
"any charitable organization" and it
rests entirely with the purchaser as to
where the coupon goes.

The price of the extracts is 15
cents per bottle of One FULL Ounce
and this quantity will go as far as
some of the 25 cent bottles of so-
called "full strength" extracts.

Four flavors—Lemon, Vanilla,
Strawberry and Pineapple.

BASEBALL

Is About to Receive the Attention it
Deserves

The baseball fever is making its ap-
pearance in Ocala and from present
symptoms it will soon be raging. An
effort is on foot, backed up by such
lovers of the diamond as R. S. Hall,
M. Strauss, J. F. Edwards, Geo. K.
Robinson, J. J. Gerig and others, that
will insure for the Brick City one of
the crack teams of the state, and
games may be looked for on the new
driving park that will thrill the lov-
ers of the game. It is proposed to
raise \$1500 for the sport and to secure
players that will make Ocala famous.
Mr. Hamp Chambers has taken an in-
terest in the matter and petitions will
be prepared and will be presented to
our people so that money can be raised
to carry out the project. Good
games of baseball will attract many
people here and will assist in enliv-
ening the quiet days of summer. Let
us make the move a success.

GREATLY ALARMED

By a Persistent Cough, But Perma-
nently Cured by Chamberlain's
Cough Remedy

Mr. H. P. Burbage, a student at
law, in Greenville, S. C., had been
troubled for four or five years with a
continuous cough, which he says,
"greatly alarmed me, causing me to
fear that I was in the first stage of
consumption." Mr. Burbage, having
seen Chamberlain's Cough Remedy
advertised, concluded to try it. Now
read what he says of it: "I soon felt
a remarkable change and after using
two bottles of the twenty-five cent
size, was permanently cured." Sold
by all druggists.

MARION COUNTY

FARMERS' INSTITUTE

It is Established for the Best of Rea-
sons and Deserves Hearty
Support

Editor Star: A word to the produc-
ers of our county and state will make
plain the object of our institute and
will, I hope, induce all who produce to
join our association. We desire to
promote the healthy growth of a mu-
tual benefit society.

Our object is not to rob others, but
to prevent others from robbing us.
We have been taught by a close study
of the business methods of this coun-
try that the surest road to success is
in united action.

The small producer may ask the
question, where or in what manner
will he derive benefit? He will be
slow perhaps to realize as much bene-
fit as his heart may crave. But if
conditions improve, even slowly, and
he has made himself a factor in bring-
ing about that result, he will be a ben-
efactor to this age, and will add un-
told blessings to the generations yet
to come.

First, our wish is to bring about as
near as possible a brotherly love.

Second, to advise with one another
as to the best methods not only of
producing, but of disposing of our
products, so as to get full value, and
that we can do by reducing the profits
of the middle men, which we can and
will do if we combine our strength. It
is easier to understand justice than to
practice it. With man's selfish na-
ture he will ever think more of his
own interest than the public good
(that is, the average man will). But
if we come together with one aim,
that is, to improve our condition and
increase our influence, all will be
well. And when we prove to the
country that we do not intend to ask
for anything but what is right, nor
submit to anything that is wrong,
we will be accorded that respect and
consideration to which we are justly
entitled.

It is claimed by some that every-
thing the producer takes hold of falls
to the ground and that this order will
share the same fate as others that
have gone under. But we say no.
The man who expects failure gener-
ally gets it, while he who works in
faith has nearly an equal chance of
success.

We wish every one who becomes a
member of this order to feel that he
has in every member an unselfish
friend. Join us and be convinced.

FOR THOSE WHO LIVE ON FARMS

Dr. Bergin, Pana, Ill., writes: "I
have used Ballard's Snow Liniment;
always recommend it to my friends,
as I am confident there is no better
made. It is a dandy for burns."
Those who live on farms are espe-
cially liable to many accidental cuts,
burns and bruises, which heal rapid-
ly when Ballard's Snow Liniment is
applied. It should always be kept in
the house for cases of emergency.

MARTEL

Death of Mr. Russell of York—Acci-
dent to Captain Cribbitt

The heated season is upon us, the
mercury standing at 95, which acts as
a fertilizer upon melons and cantalou-
pes.

The recent rains caused an undue
proportion of grass which is being
cleaned out by the farmers.

A large proportion of the oats crop
has been harvested, which made a
fair yield.

A number of our farmers are using
reapers and binders to harvest their
oats, with satisfactory results.

The cool nights and excessive rains
have been a set back to the crops, but
their condition at this time is normal,
with prospects for good crops.

Dr. W. C. Fluke of Ocheesee, Fla.,
spent a pleasant week with relatives
at Martel.

D. A. Clark and family made a fly-
ing trip to Valdosta, Ga., and are now
resuscitating at White Springs, Fla.

A number of our people attended
some of the services of Miss Tucker
in Ocala the past week, and were
greatly edified by her unction, pathos
and logical application of the Scrip-
tures, which was an object lesson
worthy of emulation by many minis-
ters of the Gospel.

Mr. Russell, of York, who had been
in bad health a long time, died Sat-
urday, and was buried in St. Johns
Cemetery Sunday, the funeral ser-
vices being conducted by Rev. B. T.
Rape. The widow and seven father-
less children have the sympathy of
the entire community.

Capt. James Cribbitt, of Largo, came
up the past week to superintend the
harvesting of his oats, and while
placing oats on the wagon, the horses
moved suddenly, throwing him from
the wagon, head foremost, which in-
jured his head, neck and shoulder, but
with the good nursing of Mrs. J. H.
Brooks he will soon be all right again.

Cukes are still being shipped and
sold at remunerative prices. Shipping
of tomatoes and cantaloupes will be-
gin next week.

Some of the members of St. Johns
church wish services to begin by sun
instead of standard time, believing
that sun time is God's time, and that
a spirit of self-ease and tardiness or-
iginally caused the change from sun
to standard time so as to accommo-
date that class of people whom the
wise man described as wanting "a lit-
tle more sleep, a little more slumber,
a little more folding of the hands to
sleep."

Martel, Fla., May 26, 1903.

A FARMER STRAIGHTENED OUT

"A man living on a farm near here
came in a short time ago completely
doubled up with rheumatism. I hand-
ed him a bottle of Chamberlain's Pain
Balm and told him to use it freely
and if not satisfied after using it he
need not pay a cent," says C. P. Ray-
der, of Pattens Mills, N. Y. "A few
days later he walked into the store as
straight as a string and handed me a
dollar, saying, 'Give me another bot-
tle of Chamberlain's Pain Balm. I
want it in the house all the time, for
it cured me.'" For sale by all drug-
gists.

TOO GREAT A RISK

In almost every neighborhood
someone has died from an attack of
colic or cholera morbus, often before
medicine could be procured or a phy-
sician summoned. A reliable remedy
for these diseases should be kept at
hand. The risk is too great for any-
one to take. Chamberlain's Colic,
Cholera and Diarrhoea Remedy has
undoubtedly saved the lives of more
people and relieved more pain and
suffering than any other medicine in
use. It can always be depended upon.

THE WAILES CLAIM

Passed by the Senate and Now Before
the House

The Wailes claim came up in the
senate Tuesday as a special order
from Saturday. Gillen offered an
amendment to the bill, allowing
\$77,415, inserting \$25,000 in lieu of the
amount carried in the bill. Today
Senator Harris offered a substitute to
that, inserting \$163,000. The substi-
tute was lost. Senator Blount spoke
for two hours in favor of paying the
whole claim.

As to the contract, he said that only
one man from 1879 to 1903 has said
that there was no contract, and that
man was the present attorney general.
That Governors Drew, Bloxham, Per-
ry, Fleming and Mitchell and all the
attorney generals during that time
have said there was a contract, and
that this new attorney general stands
in an isolation of grandeur in his opin-
ion.

Senator Blount's argument was
complete in detail, comprehensive in
fact, and convincing and forceful in
logic. He was listened to by all the
large crowd that filled the chamber
with the closest attention.—Metropo-
litan.

It is very evident that if the mem-
bers of the legislature fail to heed the
words of wisdom and justice such as
Senator Blount spoke on the validity
and justice of the Wailes claim, there
must be something wrong with the
minds of the members of the legisla-
ture.

We cannot see how it is possible for
men to escape considering so just a
claim on the basis of equity, fairness
and justice. Any amount less than
the contract calls for is not only a
case of rank injustice and base dis-
crimination against the claimant, but
downright repudiation on the part of
the state, whose honor and integrity
will be sadly besmirched unless the
face of this claim is paid in full.

SPRING AILMENTS

There is an aching and tired feel-
ing; the liver, bowels and kidneys be-
come sluggish and inactive, the di-
gestion impaired, with little or no ap-
petite, no ambition for anything, and
a feeling that the whole body and
mind needs toning up. The trouble
is, that during winter, there has been
an accumulation of waste matter in
the system. Herbine will remove it,
secure to the secretions a right exit,
and by its tonic effect, fully restore
the wasted tissues and give strength
in place of weakness. 50c. at Anti-
Monopoly Drugstore.

MARTINEAUX ON FLIRTS

"I'm the one, then, not of many.
But of the many not the one."
Thinking of flirts, then, by the way,
I've seen one or two in my days,
And found them quite interesting
In all their maneuvers and plays,
Just like the gaudy butterflies
That in the bright morning hours
Flit to and fro in the sunshine
And sip the sweet life from the
flowers.

She strolls through the garden of love
And plucks the heart's sweetest
flowers,
And with the sorrow that remains
She builds memorial towers.
Now, were she decked in a necklace,
Each bead a heart wet and gory,
She'd search then for a victim more,
And shamelessly call it glory.
She stands on the front piazza,
And tells you so sweetly goodbye,
Deeming what fools some mortals be.
While she's winking the other eye.
She thinks that you are a "good
thing."

And gently would give you a shove;
Some will plan for six long months
To play with you one game of love.
 Ofttimes you have lots of fun, boys,
When you join in this game of
flirts;
A girl can't really enjoy it
Unless she is sure that it hurts.
I ask you, boys, to believe me,
For I'm sure there's no room to
doubt;
I've had forty years' experience,
And I know what I'm talking about.
